Method TIMES = THE MOMENT IN THE VIDEO

1. Get everything ready first because it cooks fast: slice the mushrooms thickly, mince the garlic and chop the dill, parsley and green onion. 0:19
2. Melt half the butter with half the oil in a large frying pan over medium heat. Cook the mushrooms with ½ tsp garlic salt for about 5 minutes until golden, then tip onto a plate. 1:16
3. Season the chicken with 1 tsp garlic salt. Add the rest of the butter and oil to the pan and sear the tenders about 2 minutes a side until cooked through. 1:39
4. Stir in the garlic for a minute, then the dill, parsley and green onion for another minute. 1:59
5. Return the mushrooms, pour in the cream and bring to a light boil. Simmer about 2 minutes until slightly thickened (it thickens more as it cools), then season to taste. 2:14

> **Tip** Sliced chicken breast works instead of tenders. Serve with cauliflower mash, zucchini noodles or green beans to keep it keto. The sauce thickens as it stands, so add a splash of water when reheating.

The method is a summary in our words — the video shows every step.
