Method TIMES = THE MOMENT IN THE VIDEO

1. Heat the oven to 180°C. In a large bowl, whisk the Greek yogurt, pumpkin puree, sweetener, egg and vanilla until smooth. 0:24
2. Add the almond flour, oat fiber, protein powder, baking powder, a pinch of salt and the pumpkin pie spice, and stir just until combined. 1:48
3. Scoop 6 large cookies onto a lined baking tray and bake 15–18 minutes, until set and slightly firm on top. 2:57
4. For the frosting, beat the softened cream cheese, Greek yogurt, protein powder and sweetener with an electric mixer until light and fluffy. 3:54
5. Once the cookies have cooled, spread the frosting generously on top and dust with a little pumpkin pie spice. 4:40

> **Tip** Use pure pumpkin puree, not pie filling, which has sugar. Oat fiber is almost all fibre and gives a bakery crumb. The cook used a large (2–3 tbsp) scoop for 6 big cookies.
