## Method TIMES = THE MOMENT IN THE VIDEO

1. Pound 2 chopped garlic cloves with a pinch of salt and the parsley in a mortar (or blitz in a small processor) to a paste, then stir in 2 tbsp olive oil. Set aside. 1:02
2. Heat 60 ml olive oil in a small frying pan over medium heat. Crack the eggs into two small bowls, two in each, so the yolks stay whole. 1:49
3. When the oil is hot but not smoking, add half the sliced garlic and stir for about 30 seconds until just golden, then slide in two eggs and tuck the garlic around them. 2:48
4. Fry 1–2 minutes without moving them until a golden crust forms underneath, then spoon hot oil over the tops for a few seconds to set the whites. Lift out, shaking off the excess oil, and repeat with the rest. 3:29
5. Season with salt and pepper and spoon the parsley-garlic sauce over the top. Serve straight away. 4:17

> **Tip** The cook suggests roasted potatoes and a baguette alongside; for keto, add a green salad or sautéed greens instead. Keep the leftover frying oil for cooking.

The method is a summary in our words — the video shows every step.
