Method TIMES = THE MOMENT IN THE VIDEO

1. Cut the eggplants into thick rounds, leaving the skin on. 0:24
2. Toss the eggplant slices in a bowl with the oil and a pinch each of salt and seven-spice until every slice is coated. 1:10
3. Season the kebab meat with ½ tsp salt and ½ tsp seven-spice, then flatten small portions into round patties about the size of the eggplant slices. 1:50
4. Stand the eggplant slices and meat patties upright in a round baking dish, alternating them in tight circles until the dish is full. 2:30
5. Bake in a hot oven until the meat is browned and cooked through and the eggplant is soft, then serve straight from the dish. 3:08

> **Tip** Serves about 5 (our estimate for 1 kg of meat). In Aleppo it is eaten with bread or rice and a salad; the salad is the low-carb choice. Beef mince with a little fat works too.

The method is a summary in our words, in English — the video (in Arabic) shows every step.
