## Method TIMES = THE MOMENT IN THE VIDEO

1. Heat the oven to 400°F. In a large microwave-safe bowl mix the mozzarella, almond flour and a pinch of salt, then microwave 1 minute. 0:19
2. Add the granulated sweetener and 2 tbsp cream cheese and stir; microwave 30 seconds more if it isn't melted enough, then keep stirring until it cools a little. 0:49
3. Add the egg and knead or mash it in until fully mixed. 1:29
4. Divide the sticky dough into 6, roll each into a ball and set them well apart on a lined baking sheet. Press a deep divot into the middle of each with an oiled scoop, spoon or finger. 1:45
5. Bake 10 minutes. Meanwhile beat the powdered sweetener, softened cream cheese, cream and a pinch of salt with a mixer until smooth. 3:35
6. Spoon the filling into each divot, spread it a little and bake up to 10 minutes more, until it melts. Smooth the tops with a knife and let them cool on the tray. 4:03

> **Tip** Let the melted dough cool a little before adding the egg so it doesn't scramble. Keep leftovers in the fridge and warm briefly before eating.

The method is a summary in our words — the video shows every step.
