Pescatarian · Paleo · Gluten-free ingredients · No dairy listed · No nuts listed

30 g protein and under 1 g net carbs a serve, and very rich in omega-3, vitamin D, B12 and selenium: salmon brushed with Dijon, lemon and garlic and air-fried in about 10 minutes. Paleo as written; for DASH, serve it with plenty of vegetables, as on its own it's just over the saturated-fat line.

Diet notes: Low carb (0.6 g net carbs) but not keto: 58% of the energy is from fat, and keto meals get about 60% or more.

Method TIMES = THE MOMENT IN THE VIDEO

1. Whisk the olive oil, Dijon, lemon juice, garlic powder, salt and pepper into a glaze. 0:10
2. Grease the air fryer basket, lay the salmon in a single layer and brush the glaze generously over the fillets. 0:31
3. Air fry at 200°C, no preheating, for 7–10 minutes depending on thickness, until it flakes easily and reads 63°C. 0:44
4. Move to a platter, grate the lemon zest over, squeeze on some lemon juice, scatter with parsley and serve with lemon wedges. 1:05

> **Tip** No air fryer? The same glaze works on salmon baked in a hot oven.

The method is a summary in our words — the video shows every step.
