Method TIMES = THE MOMENT IN THE VIDEO

1. Heat the olive oil in a large deep pan over medium-low heat and cook the onion, stirring now and then, for 30–45 minutes until deeply caramelised. 2:48
2. Add the garlic, bay leaf and all the dried herbs and spices and stir for 1 minute. Spread in the tomato paste and cook 1 minute more. 3:04
3. Add the celery, carrot and bell pepper and cook 4–5 minutes until softened, then stir in the pecans and drained lentils. 3:30
4. Pour in the wine and scrape up the browned bits. When it has been absorbed, add the crushed tomatoes, stock and coconut milk. 3:48
5. Simmer, stirring now and then, for 30–45 minutes until the lentils are tender (or up to 2 hours for a thicker, deeper sauce). Remove the bay leaf. 4:25
6. Cook the pasta and serve the sauce over it (or over rice or baked potatoes). 4:45

> **Tip** Time uses the shorter simmer (up to 2 hours gives a deeper sauce); soaking the lentils 2–12 hours is optional. Walnuts or sunflower seeds (nut-free) can replace the pecans. Freezes for 3 months.

The method is a summary in our words — the video shows every step.
