Method TIMES = THE MOMENT IN THE VIDEO

1. Melt the butter in a frying pan over medium heat and cook the salmon a couple of minutes on each side until cooked through. 0:07
2. Break the salmon into flakes with a spatula, as fine or chunky as you like. Add the soy sauce and keep cooking until it has been absorbed and the pan is dry. 0:34
3. Tip the salmon into a bowl with the warm rice, sesame seeds and green onion. Fold together with a cutting motion so you don't crush the grains. 1:13
4. Wet your hands with cold water, take a portion of rice and gently press and turn it into a triangle (or pack it into an onigiri mould). Divide the rice first if you want even balls. 2:16
5. Wrap each rice ball with a strip of nori and serve, or wrap in cling film for a lunch box. 2:45

> **Tip** Makes 6 rice balls; a serve is 2 (our estimate). Short-grain rice is needed so they hold together. Brown short-grain rice works for extra fibre. Eat within a day.
