1. Dry-roast the rice, grated coconut, cardamom and a little cinnamon in a pan until golden brown, then cool and crush to a fine powder. 0:24
2. Put the pumpkin in a clay pot or saucepan with 60 ml onion, the green chillies, garlic, some curry and pandan leaves, the rest of the cinnamon, fenugreek, curry powder, ½ tsp turmeric and the salt. 1:43
3. Pour in the water and coconut milk, mix well and cook over medium heat, then cover and cook for about 10 minutes until the pumpkin is tender. 2:44
4. For the tempering, heat the oil, fry the mustard seeds, curry leaves and pandan, then the remaining onion; stir in ½ tsp turmeric and tip it all into the curry. 3:29
5. Stir in the roasted rice-and-coconut powder and the pepper and cook, stirring, for 2 minutes until the gravy thickens. 4:58

> **Tip** Serves 4 (our estimate) as part of a rice-and-curry meal. Keep the pumpkin skin on so the pieces hold their shape. Butternut squash works too.
