Method TIMES = THE MOMENT IN THE VIDEO

1. Put the butter in a 4 inch ramekin and melt it, about 30 seconds in the microwave (or in the oven while it heats). 2:00
2. Add the almond flour, coconut flour, a pinch of sea salt and the baking powder, then crack the egg straight into the ramekin. 2:17
3. Whisk until smooth, let the batter sit about a minute to thicken, then smooth the edges with a small spatula or the back of a spoon. 2:46
4. Microwave about 90 seconds, or bake 15 minutes at 350 °F, until a toothpick in the centre comes out clean. 3:22
5. When the ramekin is cool enough to hold, run a knife around the edge, turn the muffin out and slice it in half with a serrated knife. 3:39
6. Toast the halves until golden and crisp for the best nooks and crannies. 4:01

> **Tip** Top with butter, sugar-free chia jam, nut butter, or make a breakfast sandwich with egg. For a batch, bake several ramekins in the oven at once. Use ghee or coconut oil for dairy-free.
